

PROJECT PROFILE

EAST PROVIDENCE HIGH SCHOOL, EAST PROVIDENCE, RI
STEEL STUD WALL ASSEMBLY - ECOMAXCI® FR PLY

PROJECT DESCRIPTION

East Providence is building a new, state-of-the-art, comprehensive high school. The 304,000 square-foot, four-story facility will offer capacity for 1,600 students in grades 9-12. The new building will feature 45 core academic classrooms, 10 science labs, and two greenhouses, as well as a 900-seat auditorium, and a construction lab.
