

PROJECT PROFILE

PARIS LANDING STATE PARK INN: BUCHANAN, TENNESSEE
STEEL STUD WALL ASSEMBLY - ECOMAXCI® FR & - ECOMAXCI® FR PLY

PROJECT DESCRIPTION

The new 91-room Lodge at Paris Landing State Park will provide hotel resort-style vacation rentals on Kentucky Lake near Land Between the Lakes. Features include modern room design, conference space, a full-service restaurant, bar, and lounge overlooking scenic lakes and natural beauty.

The Architect on this project, Goodwyn, Mills and Caywood Inc. used RMAX ECOMAXci FR and ECOMAXci FR Ply products over the entire project to allow seamless installation of a variety of exterior facades. With the help of our in-house architect and field team we were able to help Goodwyn, Mills and Caywood Inc. incorporate our system with their design needs to complete this project smoothly.
